### Olympic Training Centers work to develop mission compatible revenue programs to provide significant budget off sets

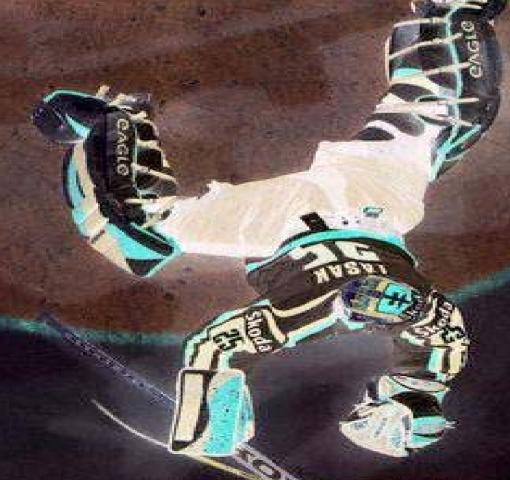

The actual cash costs for OTCs is a little over \$8 million. When the 2003 target of \$1.85 million is reached i will represent an off set of 22%.

\*Includes cell tower revenue of \$59,486

Establish/meet revenue targets for cost off set of services

### **Summary – 2003 OTCs Program Performance Evaluations**

Evaluations were sent to a random choice of programs that hosted various types of programs at the U.S. Olympic Training Center sites of Colorado Springs, Chula Vista, Lake Placid and the U.S. Olympic Education. Forms were sent for programs for athlete training, coaching and officials development. Skill levels ranged from Development to Olympic Caliber. In addition, programs would be targeted to receive an evaluation questionnaire if it was felt their was difficulty or concerns that might need to be addressed from either the training center staff or National Governing Body.

The following is an overview of the evaluation responses:

- 1. Program level responses were sought from all skill levels
- 2. Performance goals:
  - Select teams for international competitions
  - Work with the Sport Science and Sports Psychology Department
  - Provide competition to establish National team
  - Improve technique, educate athletes, teambuilding
  - Prepare instructors
  - Establish working relationship with programs at OTC
  - Coaching-drill design & evaluation
  - Evaluate players for future Olympic National teams
  - Develop better training methods for athletes
  - Teach better nutrition approaches for athletes
  - Enhance mental skills
  - Increase strength & conditioning
  - Develop core set of drills
- 3. How well were these goals met? Goals were met in all cases.
- 4. When asked which resources/services were most beneficial in the attainment of program goals, the following were choices to mark. Listed below are the most beneficial to least
  - Housing, dining, and transportation services
  - Training venues and Registration Desk/Operations
  - Sports Medicine
  - Cost of Services
  - Athlete Services Center
  - Sport Science and Meeting rooms
- 5. When asked to rate the impact of the OTC services/resources on athletes' performance, all areas were marked. Choices were NA, None, Slight, Average, Good, and Critical. Listed below shows most checks received per category.
  - Sport/game skills Tie - Average and Critical Strength and conditioning Good Strategy and knowledge Good Team development Good Motivation/Inspiration Critical Medical rehabilitation/treatment Critical Scientific analysis Good Nutrition/diet Good

# **Food Services and Housing**

# Olympic Training Centers Dining and Housing Costs

### **Dining**

- Overall direct Food Service Department costs per meal averages around \$9.50 using department dollars and number of meals served
- Plate costs (actual food and supplies expenditures only) averages \$3.40 per meal with a range from \$2.99 to \$5.42 per meal served
- IRS per diem ranges from \$42 to \$50 per day. OTC average of \$28.50 per day is 68% of IRS' lowest range for meals per day
- Other training facilities range from \$\$11.50 to \$17.50 per meal (2001)

### Housing

- Average room cost in 2000\* was \$39.13, ranging from \$28.15 to \$48.77.
   Given a 3% increase in OTC Budget and costs per year, 2003 average for housing would be \$42.75
- IRS per diem ranges from \$55 to \$109 per day. OTC average is 72% of IRS lowest per diem rate for housing
- Occupancy rates for 2003 range from 57% to 74% in 2003
- Discussion with hotel personnel gives average industry occupancy rates at 50%
