# WHAT DO WE DO?

- Assist amputee children with the “tools” to become a successful, contributing members of society. The “tools” we feel are needed for this are:
- Supply and maintain quality prosthetic equipment.
- Access to mainstream schooling: bursaries and support.
- Access to sports equipment, sporting opportunities and ambassadors to inspire and advise.

“Our deepest fear is not that we are inadequate;  
our deepest fear is that we are powerful beyond  
measure”

–NELSON MANDELA
