ATTN : ASPC Secretariate

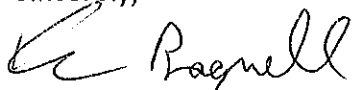

I am writing to provide support for the individual membership to the Association of Sport Performance Centres (ASPC) for Dennis Blinn of Canada. Dennis is currently the Vice President - Partnerships, Finance and Administration for Own the Podium which is Canada's high performance sport agency. Prior to this responsibility, he was a Director with Sport Canada leading High Performance programming from a government perspective.

In his new role, Dennis is working closely with the Canadian Olympic and Paralympic Sport Institute Network (COPSIN) to ensure that our role with the National Sport Organizations is efficient and effective.

I am confident that Dennis will add positively to the ASPC through his future involvement.

Please let me know if any additional information is required for this application.

Sincerely,

Ken Bagnell, VP Americas - ASPC
